Academic Bankruptcy Guidelines

- A student must be readmitted and enrolled after being out of the KCTCS System for a period of two (2) or more years.
- After re-enrollment a student must complete at least twelve (12) credit hours in non-developmental and non-remedial courses with a grade point average of 2.0 or better.
- A student who has completed a credential and re-enrolls may not request academic bankruptcy on previous academic credit earned for credential.
- A student who elects to declare academic bankruptcy will continue to receive credit for those courses with a grade of A, B, C, D, or P, prior to readmission without including these grades in the computation of the student's grade point average. The calculation of the grade point average after student declares bankruptcy begins with the semester of readmission.
- The academic bankruptcy option may be used only once.

Based upon the above KCTCS Rules of the Senate, I am requesting to bankrupt all courses taken prior to _____.
