

Associate Degree Nursing – R.N.

Health Sciences Division

Program offered at:

Maysville Campus

Licking Valley Campus

Montgomery Campus

Kathy (MYC) 606-759-7141 ext. 66102

Amy (MC) 606-783-1538 ext. 66334

About the Program

The Associate Degree Nursing program prepares graduates to provide and manage client care and to become members within the discipline of nursing. Intrinsic to the three roles of the nurse—provider of care, manager of care, and member of the discipline—are the eight core components of nursing practice. The eight core components are: professional behaviors, nursing process, communication, clinical decision making, caring interventions, teaching/learning, collaboration, and managing care. These core components are introduced, developed, and built upon throughout the curriculum. Graduates are eligible to take the National Council Licensure Examination for Registered Nursing (NCLEX-RN). The program is organized around a clearly defined conceptual framework and combines general education and nursing courses. The nursing courses correlate classroom and clinical instruction in a variety of community agencies.

Unique Requirements for Admission

Acceptance into the Associate Degree Nursing Program is based on a selective admissions process.

Requirements are:

- current application for admission to a KCTCS college.
- official transcript from each college or university previously attended.
- LPN school transcripts (if applicable);
- Results of ACT or equivalent
- must be on the Kentucky Nurse Aide Registry by the deadline indicated in the application packet.
- an applicant must be in good academic standing with the College.
- attendance at one Pre-Admission Conference per admission cycle (academic year); online
- official results of the Test of Essential Academic Skills (TEAS) Preadmission examination. Applicants will be required to meet the required minimum score to be considered for the program.
- Applicants to the Nursing Program must have a cumulative Nursing curriculum GPA of 2.5 or greater and must complete the pre-requisite courses with a grade of “C” or better on their official KCTCS transcript.
- All college and program admission requirements must be on file by March 1 of each year to be considered for admission to NSG 101 in the fall semester.
- LPNs entering the program in the spring semester must have all college and program admission requirements on file by November 1.
- Red Cross or American Heart Association Healthcare Provider level CPR certification required prior to first day of class if admitted to program (online certification not acceptable);

Curriculum

Nursing - Registered Nurse

Associate in Applied Science Degree

Pre-requisites

Required:

BIO 137	Human Anatomy & Physiology I*	4
BIO 139	Human Anatomy & Physiology II	4
