Pre-Reflection:
1. Do you think volunteering in your community can really make a difference
to reduce problems in society?

Post-Reflection:
1. In what ways do you feel you made a difference in the organizations you served
   and the community at large?
2. In what ways have you been changed or affected by the organization and the
   community it serves? Do you think you will volunteer again? How do you see
   yourself staying involved?
